3. To protect the privacy of people, photographs with images of recognisable people cannot be accepted.
4. The scene and location of the photograph together with the name & address of the applicant MUST be clearly written on the reverse of each print if non-digital photographs are to be submitted, BUT only lightly so it does not impact on the photographic image.

Hints & Tips from Springy the Frog

Our panel will be looking for photographs that:

- Reflect the four seasons
- Cover scenes in all parts of the Borough
- Preferably capture a special scene or local event
- We get lots of Winter photographs; don't forget Summer, Autumn and Spring!
- A good photograph can be spoilt by the scene not being properly framed – often we see good shots spoilt by distracting items in the background such as passing vehicles, advertisement signs, inquisitive people and the like!
- Photographs showing local events in recognisable locations seem to attract the judging panel's eye. Think of sporting events of all kinds, seasonal and religious festivals, civic ceremonies, and other entertainments.
- When photographing familiar locations i.e. the Town Hall and Hollingworth Lake why not take a less obvious approach. Perhaps a different point of view or angle.
- Make sure your photographs primarily illustrate a great recognisable location rather than say, animals in an anonymous field.

Happy Snapping!
