

Dear Parent / Carer

I would like to thank you all for your continued support, for how you have adapted to the new ways of working and your absolute dedication to supporting our young people with their learning during these very unusual times.

The number of COVID-19 cases in Greater Manchester are among the highest in the country and, as has been widely publicised, from Thursday 5<sup>th</sup> November 2020 we moved into a further national lockdown. Details of the new national restrictions can be found [here](#) and a summary is attached.

Your help would be greatly appreciated by checking that your son / daughter has a face covering with them each day when they arrive at school. We have a small supply for use in emergencies but have needed to issue a large number this week and this is not sustainable.

Rochdale Council are seeking to recruit School Crossing Patrols for various sites throughout the Borough. If you are interested, further details are available [here](#).

Mr A Bridson  
Headteacher
