

Dear Parent / Carer

In preparation for students returning to school next week, I want to reassure you that we have been meticulous in our preparations to ensure that school can return safely and have followed all the necessary guidance. You can view our full risk assessment [here](#)

In addition to the school specific information, the Government has updated its guidance for parents which can be found [here](#)

Transport for Greater Manchester has agreed to put on additional bus services for school to accommodate the staggered start and finish times. There will definitely be additional number 17 services operated by Go North West and they will be updating their [timetables](#) soon.

At Cardinal Langley we are hoping there will not be any positive COVID-19 tests but we have clear plans in place should this occur. The attached letter outlines the school procedures and has the latest information from Public Health.

I understand that there has been a lot of information sent to parents recently but I want to ensure that you have all the information available. All of our updates are available on our website at <https://www.clrchs.co.uk/parent-updates-from-the-headteacher/>

I hope you have a wonderful weekend

Mr A Bridson  
Headteacher
