Science	Is there any other life in the universe? How would we recognise life? The 'stuff' of life. 3rd rock from the sun. Searching for life beyond our planet.		What makes the ultimate athlete? I like to move it, move it. Eating and cheating. Sports equipment. May the force be with you.		What makes us Human? How is a new life formed? What happens to the food we eat? How are substances transported around the body? How do humans make sense of the world around them?	
RE	How are we here and why?	Can a book have all the answers?	Was Jesus a normal human?	Does receiving the Eucharist make you a good person?	Is the Holy Spirit always with us?	What is Hinduism?
